Team Topic : UHappening (Team #3)

Self Evaluation:

In a team situation, I generally find falling into the leadership, reliability, determination and technical ability roles. My effort in the team project has been excellent throughout the project development.

Principal contributions to Team:

- Push Notification
 - I have implemented push notification service for both platform Android and iOS.
 - I have setup the server side environment for push notification service for a multi platform on Microsoft Azure.
- Layout Design
 - I have developed a few UI interface pages like Event Description Page, Profile Page etc.
- Validation
 - I and Mahesh had implemented few UI front end validations for different pages so that we can prevent users from entering a invalid data - (Behaviors for UI).
- Social Media Integration
 - Social Media like Facebook and Twitter is integrated with application so that anyone can share a event on the social media in order invite more and more people to the event.

Evaluation of Other Team Members:

1. Sairam Macharla
 - In my opinion, Sairam did a fair share of work.
 - Sairam volunteered to integrate Google Maps in the application which he did very well. He completed the major integration of maps into the application.

2. Madhusudan Krishnamurthy

- In my opinion, Madhusudan contributes to the success of the team on a regular basis.
- Madhusudan has majorly developed WEB API for our system which includes the most of the backend services through which database is accessible.
- He also developed some basic UI pages like Login, Registration for an application.
- He also implemented QR code into the application.

3. Ramya Kurra

- Ramya did fair contribution to project. She was positive and helpful. She worked on database designing like creating tables, creating the relationship and etc. She has completed database stored procedures.

4. Mahesh Mittal

- Mahesh has a good willingness to help his fellow teammates.
- He helped with front-end validations into the different forms like login, registration.

5. Siddeswar Kanagamoorthy

- He has major contributed into the testing of all the module for the application.
